

# Awesome Alum!

## The Boys & Girls Clubs of Yellowstone County Alumni Series, featuring Lloyd Marsh

**When did you attend the Club?** We (me, my brother, other family and friends) began going to the Club when I was about 11-12 years old! That would have been around 50 years ago. Amazing how quickly time has passed.

**Which Club?** We were so fortunate to have the Club so close to the house. We started at the Club on 1st Ave. South and 28th Street.

**What were some of your favorite moments/memories?** Some of my favorite memories include just feeling so welcomed when you walked through the front doors, playing ping pong, pool, basketball, foosball and having a safe place to hang out every evening!

**What are you up to now? Job? Family?** I am currently employed by Albertsons and have been working for them for 39 years. I am in charge of the Bakeries for 20 Stores and Starbuck's for 10 Stores. I play golf and racquetball and at one time was in the top 25 in the United States for racquetball. Music is also a passion and I am Blessed to play in several bands including my own called The Brickhouse Band! I have never been married but have a great group of friends and family that surround me and bring me joy daily. I am a Great Dane Dog Lover and truly enjoy spending time with my family!

**Did you go to college? What did you study?** I am a Graduate of Montana State University Billings with a degree in Business Administration with a minor in English.

**If you could give a Club kid of today some advice, what would that be?** My advice is to always find a way to say YES! There are so many opportunities to experience in the world, and if you say "no" you may miss out on an experience that will change your life. Don't leave this life saying "I wish that I would have done that."

**Anything else you would like to add about being a Club kid?** I am thankful for the Club. I believe that it helped shape the life that I am living. I learned teamwork, patience, the importance of physical activity and developed friendships that I have today!
