

Awesome Alum!

The Boys & Girls Clubs of Yellowstone County
Alumni Series, this month featuring

Sarah Boucher

During your BGC employment, you worked at which Club location?

I worked mostly at McKinley Clubhouse, I also spent some time working at Castle Rock.

When did you work at the Club?

I started November 2016 at the McKinley location when I was 16, I worked at Castle Rock from November 2018 to May 2019, and I went back to McKinley from May 2019 until June 2020. I started working at the Club during my junior year of high school, and I stayed all the way through my junior year of college.

Did you attend college? What did you study?

I studied Human Services with a concentration on mental health and addiction at Montana State University Billings from January 2019 to my graduation in December 2021.

What are you up to now?

I am now getting my master's degree in Clinical Rehabilitation and Mental Health Counseling from MSUB. My goal is to become a licensed therapist! I also spend a lot of time practicing my favorite hobbies: painting, drawing, rock climbing, and reading.

If you could give a Club kid of today some advice, what would that be?

My piece of advice is to try to do new things even if you're not great at them. The end goal doesn't have to be expert level perfection, it can just be for fun!

What was your favorite memory at the Club?

My favorite memories at Club were bringing my dog's litter of puppies over to play with the Club members one day, making caramel apples with OT club, and cooking a hundred pancakes for breakfast in the summertime.

Anything else you would like to add about working at the Club?

Working at the Boys and Girls Clubs helped me realize I wanted to become a therapist. Nothing was more rewarding than spending quality time with a club member in need. I've also made life-long friendships and connections here that I'll always be grateful for.

If you are a Club alumni
or know of anyone that is,
we would love to chat!
