

Awesome Alum!

The Boys & Girls Clubs of Yellowstone County
Alumni Series, this month featuring

Shelby Schuchard

When did you attend the Club?

I attended the Lockwood Clubhouse from 1st to 8th grade. In high school I came back and was a junior staff for about 2 years.

What were some of your favorite moments/memories?

One of my favorite memories was being old enough to finally go into the Teen Center. They always seemed like they were doing the coolest things!

What are you up to now? Job? Did you go to college? What did you study?

I am currently attending the University of Mary, Billings campus, for occupational therapy. I graduated from Rocky Mountain College with a Bachelor of Science degree in Exercise Science. I work part time at a local pediatric clinic working with kids with autism.

If you could give a Club kid of today some advice, what would that be?

I would tell Club kids of today to really build relationships with the Club staff. They were some of my role models and mentors and were always there for me if I needed something!

Anything else you would like to add about being a Club kid.

Being a Club kid helped shape me into the person I am today. I was able to make relationships and lifelong friends. I learned a lot by going and it will forever stay with me!

If you are a Club alumni or
know of anyone that is,
we would love to chat!
