Sibinger Memorial Scholarship Recipient!

### When did you attend the Club?

I attended Club from 1st to 7th grade (2010-2018).

### Which Club?

I was a member of the Lockwood (2010-2014), Castle Rock (2014-2016), and Medicine Crow (2017-2018) Clubs.

### What were some of your favorite moments/memories?

One of my favorite Club memories was at the end of summers when we all had to go to the Bair Family Clubhouse. I always found this time really fun because we got to meet other Club kids from around the city. This helped me when I moved from Lockwood to the Heights because I already had friends from Club.

### What are you up to now? Job? Family?

I am going into my junior year at Stanford University in California, studying bioengineering. I am also currently working on gaining clinical experience to prepare for my goal of going to medical school. This summer, I enter my second year of an internship at the University of Minnesota, Duluth Medical Campus, where I am gaining valuable clinical and research experience.

### If you could give a Club kid of today some advice, what would that be?

I would say to always be kind to others. You never know what your kindness will bring to others as well as yourself.
